1 You may not know it, but in the event of an emergency, most health insurance companies  
2 charge you a co-payment for ambulance service, and that could range anywhere from fifty  
3 to five-hundred dollars. And that's on top of your Medicare deductible and the co-payment  
4 required by most HMO's, PPO's, and POS Plans. When an emergency happens, the last  
5 thing you should worry about is how you're going to afford your medical transportation.  
6 That's why a Medic Rescue membership is so valuable. For just forty-six dollars a year  
7 (sixty-seven fifty for a family membership) your Medic Rescue membership gets you  
8 unlimited emergency and medically necessary non-emergency ambulance transports.  
9 Medically necessary non-emergency ambulance transports to local hospitals, nursing  
10 homes, clinics, rehabilitation centers, and more, are covered too. All of these services are  
11 covered with a maximum cost of only fifty dollars per trip depending upon your medical  
12 insurance. Medic Rescue has been providing unmatched emergency medical assistance to  
13 the people of Beaver County for over 35 years. Visit our website at Medic Rescue dot org
